

PRESS RELEASE

Inox Wind bags repeat order for 279 MW for its 3 MW WTGs from a large C&I player

- **Order includes equipment supplies along with limited scope EPC for 180 MW**
- **Additional 99 MW to be executed on turnkey basis**
- **Post commissioning multi-year O&M services to be part of the contract**
- **Project to be executed in Rajasthan and Gujarat by June 2025**
- **Repeat order from a customer for which Inox Wind has already executed ~ 325 MW of orders till date**

Noida, December 26, 2023: Inox Wind Limited (IWL), India's leading wind energy solutions provider, has bagged an order for 279 MW from a large C&I player. The order is for IWL's latest 3 MW Wind Turbine Generators (WTGs), and the scope comprises of a mix of equipment supply with limited scope EPC for 180 MW and end-to-end turnkey execution for 99 MW. Additionally, Inox Wind will also provide post commissioning multi-year operations & maintenance (O&M) services. The project will be executed by June 2025, with the WTGs being installed across Rajasthan and Gujarat. This repeat order is from a large C&I customer for which Inox Wind has already executed ~ 325 MW of orders till date.

Commenting on the occasion, **Mr. Kailash Tarachandani, CEO of Inox Wind**, said, "We are excited to announce a large order from a customer with whom we enjoy a longstanding relationship. This order highlights Inox Wind's strong capabilities in end-to-end turnkey wind projects as well as pure-play equipment supplies, as we move towards having an equal proportion of both in our consolidated order book going ahead. This repeat order is a testimony of our capabilities and credentials as a strong partner. I believe this order as well as our strong order inflow pipeline reinforces our commitment towards achieving substantial growth in execution and profitability in FY25 and beyond."

ABOUT INOX WIND:

Inox Wind Limited (IWL) is India's leading wind energy solutions provider servicing IPPs, Utilities, PSUs & Corporate investors. IWL is a part of the USD ~ 7 BN INOXGFL Group, the Group has a legacy of over nine decades and is primarily focused on two business verticals - chemicals and renewable energy. IWL is a fully integrated player in the wind energy market with four state-of-the-art manufacturing Plants in Gujarat, Himachal Pradesh and Madhya Pradesh, where Blades, Tubular Towers, as well as Hubs & Nacelles are manufactured.
