

## **PRESS RELEASE**

### **Inox Wind bags 201 MW order from Integrum Energy**

- **Receives repeat order from Integrum Energy Infrastructure Ltd. for 201 MW equipment supply**
- **Project to be executed across four states**

**Noida, August 6, 2024:** Inox Wind Limited (IWL), India's leading wind energy solutions provider, has bagged an order for 201 MW from Integrum Energy Infrastructure Ltd, a leading C&I player. This is an equipment supply order for IWL's latest 3 MW Wind Turbine Generators (WTGs). Additionally, Inox Wind will provide post commissioning multi-year operations & maintenance (O&M) services. The project will be executed across four states, namely Madhya Pradesh, Rajasthan, Karnataka and Maharashtra.

Commenting on the occasion, **Mr. Kailash Tarachandani, CEO of Inox Wind**, said, "Integrum has been a longstanding partner for us and we are delighted that they have reaffirmed their faith in our product and solutions with this large equipment supply order for 201 MW. Inox Wind's state-of-the-art 3 MW WTG continues to be a preferred product for project developers, being one of the most efficient turbines in its class. We continue to be a key contributor in India's growth journey and transition to renewables."

**Mr. Anand Lahoti, Founder & CEO, Integrum Energy**, said, "Integrum is on a strong growth journey focusing on providing hybrid renewable energy solutions for the C&I market. We are happy with our association with Inox Wind and our partnership will help us achieve our growth targets and deliver on our customer commitments."

### **ABOUT INOX WIND:**

**Inox Wind Limited (IWL)** is India's leading wind energy solutions provider servicing IPPs, Utilities, PSUs & Corporate investors. IWL is a part of the US\$ ~ 8 BN INOXGFL Group which has a legacy of over nine decades and is primarily focused on two business verticals - chemicals and renewable energy. IWL is a fully integrated player in the wind energy market with four state-of-the-art manufacturing Plants in Gujarat, Himachal Pradesh and Madhya Pradesh, where Blades, Tubular Towers, as well as Hubs & Nacelles are manufactured. With its state-of-the-art 3 MW series WTG offering, IWL's manufacturing capacity stands at ~ 2.5 GW per annum.

IWL's subsidiary, Inox Green Energy Services Ltd., is the only listed wind O&M services company in India, having a strong portfolio of >3.2GW and a multifold growth path ahead.

IWL offers complete end-to-end wind energy solutions from concept to commissioning to O&M, manufacturing key components of WTGs, using the most advanced technology, in-house, to maintain high quality, reliability and cost competitiveness. IWL has ISO 9001:2008, ISO 14001:2004, OHSAS 18001 and ISO 3834 certifications for its management systems pertaining to

the manufacturing, installation, commissioning and O&M of wind turbines. With strong promoter backing, healthy balance sheet, robust stakeholder relationships, and bright macro prospects, IWL is embarking on an exciting journey of growth and profitability.

**ABOUT INTEGRUM ENERGY:**

**Integrum Energy Infrastructure Ltd. (Integrum)**, setup by professions who have pioneered the C&I (Industrial and Commercial) energy supply and solutions market in India, provides end-to-end project management and asset management services to Industrial and Commercial customers to set-up Wind & Solar hybrid power plant for their captive consumptions.

Integrum is the first and only platform to successfully integrate wind and solar at HV and LV and provide hybrid solutions to clients. Integrum is committed to making a long-term impact in its clients' energy sourcing profiles, and its key focus is to optimize renewable energy sourcing at a cost significantly lower than market benchmarks.
